

产品介绍 Introduction

FJR2 是一款专门连接发射机及高频头的塑胶版 JR 模块适配器，轻便设计易安装，兼容市面上的标准接口的高频头。

FJR2 is a plastic version of the JR module adapter that is designed to be fitted between the transmitter and the RF module. It is lightweight and easy to install and is compatible with the standard interface used by most RF modules currently available on the market.

安装说明 Installation Instructions

FJR2 与 PL18 安装:

使用配件包内的 4 个黑色螺丝从上盖四个螺孔 (⑦⑧⑨⑩) 中拧入，下端对应锁定 PL18 的 4 个螺丝孔，固定发射机。

FJR2 更换红色 / 黑色小板操作:

FJR2 出厂默认已安装好黑色小板，兼容 FRM302, FRSKY XJT, FRSKY R9M, TBS CROSSFIRE, SPEKTRUM DM9; 如需使用 FS-RM003/FS-RM002, 请更换为红色小板。

更换步骤:

1. 拧开上盖螺丝 (图示①②③④⑤⑥) ;
2. 按图示位置安装黑色小板 (长针, 图示 A) 或红色小板 (短针, 图示 B) ;

FJR2 and PL18 installation:

Screw the four black screws included in the accessory kit into the screw holes labeled in the diagram above (⑦⑧⑨⑩).

FJR2 operation of replacing the red / black small board:

FJR2 has a small black board installed by default, compatible with FRM302, FRSKY XJT, FRSKY R9M, TBS CROSSFIRE, SPEKTRUM DM9; if you need to use FS-RM003 / FS-RM002 it must be exchanged with the red board.

Replacement steps:

1. Unscrew the upper cover screw (picture ①②③④⑤⑥).
2. Install the black small version (icon A) or red small board (icon B) in the position shown.

兼容性 compatibility

高频头: FJR2 可兼容 FRM302、FS-RM003、黑羊 TBS CROSSFIRE915、FRSKY R9M、FRSKY XJT、SPEKTRUM DM9。

发射机: 兼容 Paladin PL18

RF Module: FJR2 is compatible with FRM302, FS-RM003, Black Sheep TBS CROSSFIRE915, FRSKY R9M, FRSKY XJT, SPEKTRUM DM9.

Transmitter: FJR2 is compatible with Paladin PL18.
